Dr. and Mrs. Leland P. Bradford

BRADFORDS FETED AT N. T. L. INSTITUTE TRAINING SITE

A 25th Anniversary celebration—honoring Leland P. Bradford, a founder and first executive director of the NTL Institute for Applied Behavioral Science took place at the NTL Conference Center Aug. 25-26, and also marked the 25th anniversary of the first National Training Laboratories program in Bethel. Several hundred friends and colleagues from all over the country participated with the Bradfords in a reception and dinner, small group sessions, and a clam bake all under the theme "Memories and Looking Ahead".

At a special presentation ceremony, Dr. Alfred Marrow, chairman of the NTL Institute Board of Directors, said: "Lee Bradford recognized that unlocking and directing human potential is a great individual and organizational resource; he helped found an organization to do this and nourished it to the point where the NTL Institute is the vigorous organization that it is today. Throughout Lee's career, Marty Bradford has been a colleague, companion, and wife. Her's is a significant contribution, too."

Now retired as NTL Institutes Director, Dr. Bradford lives in Center Lovell, Maine, and Pinehurst, N. C. Born in Chicago, Ill., in 1905, Bradford received his early education here. He received the M. A. and Ph.D. degrees from the University of Illinois.

He has written numerous articles for magazines and other publications in the fields of adult education, supervision, training, group discussion, and group dynamics.

HISTORICAL SOCIETY TO MEET THURSDAY, SEPT. 7

The monthly meeting of the Bethel area Historical Society will be held at the Casco Bank Community Room, Sept. 7, at 7:30 p. m.

All members are urged to attend, as this is the annual election of officers and trustees.

Also there will be discussion of the membership pledge drive, and maintenance of the museum.

Final plans will be made for the Society's Second Home Coming Observance jointly with the Bethel Chamber of Commerce on Sept. 30.

The request is again made that all wishing to participate in any way, telephone either one of the following before Sept. 1 to facilitate preparation of program: Ed Quinn 836-2073 or Elizabeth Carter, 836-2438.

Mrs. Carter would particularly like to hear from those who plan antique displays at their places of business or homes along Main Street.

Bethel people cooperated well in 1971, and it is hoped that this celebration with the special attraction of the 470 R. R. Club will bring even more home to Bethel.

Pvt. Victor A. Young, Ft. Dix, N. J., spent the week end at the home of his parents, Mr. and Mrs. Archie Young Jr. While at home, he was entertained at a cook out celebrating his 20th birthday.

The first fall meeting of the United Methodist Women will be held at the home of Mrs. Hulda Stevens, Thursday, Sept. 7, at 1:30 p. m. Mrs. Rose Warrington will have the program. A new Bible Study course titled "The Bible Study and the Devotional Life" will be started at this time.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The selectmen must appoint a School District director to fill the vacancy caused by the resignation of William Cousins. Mr. Cousins was forced to resign due to conflict of interest.

The board would like the names submitted of people who would be interested in serving until the annual town meeting. They will appoint September 11.

Trustees of the Water District and the Board of Selectmen met again this week to further discuss uniting to hire a superintendent to oversee both the water and sewage operations. At present it appears to be felt by most that to include also the highways would be imposing too much on any individual. No decision was reached but many factors were presented for consideration. One question that is impossible to answer until the sewage plant is in operation involves the work load there. It may be decided to wait until this is known before combining operations.

CHARLES MERRILL

GREENWOOD CITY

— Mrs. Colista Morgan, Correspondent —

This was a perfect day, the day of "the infinite tender sky". Clyde was to finish haying in the top field at the old farm so I decided to join him with a picnic lunch at noon. This would save him the long walk down and back at noon. What a day for a picnic, too.

As I started up the old road beyond the house, the air was calm. Every grass blade for a short distance was touched with dew drops.

Up the same path toward the same summit which I have traveled many times I went. Along the way golden rod and asters were waist high and the bees hummed among them.

A movement at the roadside caught my eye. Out from the new maples a woodchuck darted into his hole under an old gray birch. These foot high maples have grown there since spring.

I neared the top of the first field after I had climbed the wall hoping for better footing. Here I had a glimpse of the blue mountains to the north and west. They lifted against the horizon hunching in a great barrier.

On top of a rock sat a plover in his black necklace waiting my approach and bobbing his greeting.

Nearing the top of the next field I again stopped to look back. Here on the hill looking to the wooded valleys the landscape opened out expanding from a bud to a flower in full bloom.

Under the height of the sky and over the waves of the land stretched the road with cars rolling its winding course.

At the next place up, there once stood farm buildings. I pecked in at Lake Rock, so named by a young nephew some years ago when we used to picnic there and view the valley. A small basin in its top often contained water. I found it now secluded with bushes. But the basin of water was still there.

Now I had reached the last field and what a surprise! In the far corner, a maple in autumn scarlet was brightly contrasted with the greens and the blue of the sky. I hurried to a spot where I could get a picture of my raking against "the beauty in red".

We ate lunch where we could view the whole valley and mountains beyond. So clear the day and so clear the sky, the sky we could see the tower on a mountain near Rumford without binoculars. Saddleback Mountain thrust its well known double top some 4000 feet against the blue and a fleecy cloud nestled between its humps presenting unforgettable delicacy and charm.

This is a rocky field and I wandered from rock to rock using my binoculars. Tracey's ledge looked like a great castle with one clear cut side and much open space on top. The ledge behind Twitchell Pond looked as always. I could follow the old Rose Hill road and see the ledges there, also a few open fields and a house far away.

The sun became too warm so I went into the evergreens and sat beneath the spruces. A chattering jay was curious, the woodpecker hammered at a dead limb while his bill made an interesting echo. A thrush leaped from branch to branch, curious, too. There was a soft voice to the wind over all.

I collected some spruce gum, something I hadn't seen for years. The baker arrived so I moved out to the field again; what a remark.

able machine when you actually observe it at work.

Once I put two bales together, a good resting place in the sun. Again I sat on a rock and watched a bumble bee laden with pollen busy himself again and again in the pasture thistle putting more and more into the pollen baskets on his legs. In a few moments a butterfly, the painted lady, in mottled satin took its place. She too buried herself deep, deep.

All around was the chorus of insects. One was the clack of the short-horned grasshopper keeping rhythm with the baler, another spat "tobacco" on my arm then moved away across the farm. There was the zee-ee of the meadow grasshopper and the jolly minstrel, the crickets, as they added their bit.

It grew late, the trucks came for the hay and I left to return through the fields and woods but that chorus followed in all the fields. For if your ears are sharp, you can hear meadow music, soft, like a harp and "what glories there be for those who see."

SUNDAY RIVER

Mrs. R. M. Fleet, Corres. —

Dr. Loy Harrell took his daughter, Holly, on a motorcycle ride, to Mt. Washington, Sunday, Aug. 20. The Floyd Verrill's were in town a few days from Concord, Mass.

Penny and Tammy Fleet spent a

few days the first of the week with their grandparents, Mr. and Mrs. Marshall Rolfe.

Gary Yates visited his grandparents, the Estes Yates and others, Saturday, from Bryant Pond.

Mrs. Jeannine Fleet and Alan, were in Portland Tuesday.

Darnita Yates is visiting with friends this week end.

The Sunday River Artist's Bridge now it surely was built but the exact date is rather uncertain as the river has been crossed as early as 1820.

In 1869 the pumpkin flood was the worst destroyer for in 1870, 1872 or 1873 it was rebuilt. It has been repaired and shimmied a couple of times.

Next the big trucks of logs and

pulp were too heavy also too big so a top less bridge was built just below it in 1937 and 1938 and Artist Bridge was prepared for its future of leisure and historic memories. So it must be a hundred years old.

It is closed to all but foot traffic.

The early bridges only saw a few people and no swimmers except a fall in while cutting ice or fishing fully clothed. Now it is well occupied both day and night. Some in fine bathing suits, some in newer fashions and one party of eight in only the suits God gave them, right in front of the rest.

Also some one has had to clean up the litter and trash. I wonder what the bridge would say could it talk about the changes.

LOCKE MILLS

Mrs. John Mills, Corres.

The Greenwood selectmen would like to announce that those owning land and cottages in the South Pond-Round Pond area can expect a substantial increase in their taxes. If there are any tax complaints, they would like to suggest that you take advantage of the Wednesday night town office hours which open at 7 p. m. rather than go to the selectmen's private homes. This will be to your advantage, as you will have the opportunity to speak to all three selectmen, instead of the one you may choose to visit. The total tax assessment for the town of Greenwood was \$204,973.12. The municipality's proportion of the S. A. D. 44 tax was \$142,494.96.

The winter bookmobile schedule has been announced as follows: Wednesdays, Sept. 13, Oct. 11, Nov. 8, Dec. 13, Jan. 17, Feb. 14, March 21, April 25, May 23. The time will be 9:50-10:30 a. m. and the Locke Mills School, 10:35-11:40.
